Activity and Competitive Position

Cembre

- Cembre **develops, produces** and **markets** in Europe and in the USA **electrical crimp type connectors** and **related installation tools**
- Our main objective is to cooperate with our products' users to find the **best technical** and **economical solutions** related to **electrical connection applications**

Competitive position

Cembre Group is:

- **Italian leader** in **electrical crimp type connectors** and **related installation tools**, extensively used in large engineering projects
- **European leader** within **major worldwide producers** of **tools for the installation of electrical power connectors**

Group structure

■ Production and commercial units

■ Commercial units

Distribution network

- In Italy Cembre has an **extensive distribution network**, with offices and warehouses located in Milan, Rome, Turin, Padua and Bologna
- Present all over the **Italian territory** through a network of **own employed salesmen or representatives** able to offer fast and constant technical assistance
- Abroad Cembre operates through **five subsidiaries companies in Europe** (UK, France, Spain, Germany and Norway) and one **in the USA**
- **Presence in the main countries all over the world through** a network of importers and agents able to provide technical and commercial assistance and rapid delivery

Competitive advantages

- **Technological leadership** thanks to a constant involvement in R&D
- **Extensive product range** characterised by a balanced relationship between quality and price
- Ability to **enter markets with a high growth potential** (railway, energy, US market,...)
- A commercial network consisting of **own employed salesmen**
 - **direct presence** in the main European markets and USA and long standing penetration in the main non European markets
 - constant **interaction with end users** and consolidated relationships with **distribution groups**
- **Rapid time to-market** and **automatic warehouse management**

Products and Markets

Market trend ()*

- In 2006 turnover of global connectors reached approximately USD 40 billions with an increase of 12.6% with respect to 2005
- Growth was driven by China (+29.8%). The growth rate for Europe was 9.8%, North America 7.8%, Japan 6.5%, Asian-Pacific area 18% and in the “Rest of the World” 15.4%.
- Cembre operates in a **specific niche** - power connectors and terminal blocks

Expanding the products' range

- The steady capacity of Cembre to **increase the range of products offered** allows the Company:
 - to **increase the market share** in the markets in which the company recently entered and to **maintain the leadership position** in the markets in which it has been present for long time
 - to **obtain satisfactory performances** also in unfavourable market contexts

- This is possible thanks to:
 - **research activities** mainly focused on the **development of innovative products** for the **sectors with the highest growth potential** (rail transportation, civil and industrial plant engineering)
 - **improvement and update of existing products** to get them easier to use and more efficient in their performances
 - **widening of traditional products range**, now richer and more complete thanks to the **introduction of complementary product** (f.i. cable markers)

Electrical connectors

- Turnover as at September 30, 2007: Euro 27.7 millions (+ 17.3% vs. Sept. 30, 2006)
 - To Italy: 20% of total sales
 - To foreign countries: 19.7% of total sales (17.4% to Europe and 2.3% outside Europe)

- Characteristics:
 - **high and safe performance** guaranteed by effective **Quality Control** during production process
 - **high level automation** of manufacturing and consequent costs reduction
 - **quick adaptation** of products to clients' needs, thanks to its **high flexible productivity**

Tools

- Turnover as at September 30, 2007: Euro 15.7 millions (+16.1% vs. September 30, 2006)
 - To Italy: 5.2% of total sales
 - To foreign countries: 17.2% of total sales (12% to Europe and 5.2% outside Europe)

- Characteristics:
 - **quick installation** of connectors thanks to tools used for compressing and cutting the conductors
 - **wide products range**: mechanical, pneumatic, hydraulic and electric based operations
- Development of new products in last two years:
 - **B15-B54** battery operated “in line” hand-tools
 - **hydraulic battery operated pump** already marketed in Italy and Europe
 - the **new generation of battery tools** is intended to progressively substitute the traditional ones, as they are **more appreciated** thanks to the **elimination of physical endeavour**

Railway products

- Railway products and accessories, turnover as at September 30, 2007: Euro 13.5 millions (-1.3% vs. September 30, 2006)
 - To Italy: 2.7% of total sales
 - To foreign countries: 16.7% of total sales (13.8% to Europe and 2.9% outside Europe)

NR-11P

- Characteristics:
 - **high quality products**
 - **constant R&D activities**
 - **high potential growth**

- Development of new products:

- **Nut Runner - NR-11P**
- **new machine for insertion and extraction of "Pandrol" type clips** for the fixing of rails to cross-beams (already marketed in Italy and Europe)

**Pandrol machine
PCM-2P**

Both the products are very **competitive on the market** since they offer superior flexibility, lightness and velocity against alternative products

Cable markers

- Cable markers, turnover as at September 30, 2007: Euro 4 millions (+51.6% vs. September 30, 2006)
 - To Italy: 4.6% of total sales
 - To foreign countries: 1.2% of total sales (0.8% to Europe and 0.4% outside Europe)

- With the introduction of these new products Cembre:
 - further **enriched its offer with thousand of new articles** (electrical equipment wholesalers prefer supplier with a wide catalogue)
 - **strengthened its competitive position** in Italy and **created big opportunities** to enter the European markets
 - **entered a market**, worth of Euro 25 million considering only Italy
 - **improved** the production structure
- Development and production, in Brescia (Italy), of thermal printer **MG2**

Other products

- Cable glands, turnover as at September 30, 2007: Euro 4.9 millions (+12.3% vs. September 30, 2006)
 - To Italy: 6.5% of total sales
 - To foreign countries: 0.5% of total sales (Europe)

Objectives and Strategies

Objectives

Cembre's future targets:

- **turnover increase** thanks to:
 - **continuous update of existing products** and **development of new ones**
 - **higher penetration in the US market**
 - carrying out of **high-speed rail lines** in different European Countries

- **Consolidation/growth of profitability** thanks to:
 - **higher operative efficiency** due to economies of scale and due to process innovation
 - **improvement of margins** of cable marking products thanks to the progressive results due to synergies between General Marking production and Group's distribution network

Strategies

- Continue to improve quality of products and extend the range thanks to the **constant and intensive R&D activities**
- **Strengthen the presence on foreign markets**
 - increase of penetration in the USA
 - expansion of market shares in Europe
 - strengthening of presence on South-East Asian market
- **Further reinforcement of existing market share** in Italy, where Cembre has already a leadership position
